OTHER COURSE INFORMATION

Attendance: This class is highly interactive and learning occurs through participation in class discussions and activities that are impossible to be duplicated outside of class. Therefore it is suggested that candidates attend all class sessions. This is a professional education course and you are training to become a teacher. Teachers are required to be in school at specified times because children are depending on you. By requiring attendance, you are beginning to act and

think like a teacher which is the beginning of your professional responsibility. Students must sign the course attendance sheet each class session to receive credit for attending.

Candidates are expected to be <u>on time for class</u> and to <u>stay until the designated time</u> set for dismissal. If a student must leave early he/she must inform the instructor at the beginning of class. If you are late or leave early you will receive partial points. Communication with the instructor is very important in this class. If students know that they will have to miss a class, they must notify the instructor ahead of time so teacher can make preparations. Students missing more than <u>6 hours</u> may be asked to drop the course

<u>Cell Phones:</u> Candidates **must** keep cell phones in the off position during class. If students must leave phones on in case of emergency situations, they must notify the instructor and take the call outside of the room.

Incompletes

Incompletes will not be given except in the case of emergencies. In the event of an incomplete, student will sign a contract specifying tasks to be completed with realistic and fair deadlines.

<u>Diversity:</u> Candidates will build on their ability to appreciate art as a personal expression or interpretation of their ideas. Candidates will display an understanding of the uniqueness of individual pieces of art through their ethnicity, gender, rural vs. urban, socio-economic status, and race. Candidates will develop positive attitudes and dispositions toward unique examples.

Late Assignments:

The issue of late assignments is an on-going problem for the student and the instructor. An important aspect of being a teacher is to be professional. One of the many responsibilities of a professional is to meet deadlines. Think of your assignment due dates as deadlines.

Late assignments will not receive full credit. 35% will be deducted on all late assignments. There are two deadlines this quarter where late assignments may not be turned in after the due dates. Any late assignments assigned and due up to **November 4th** must be turned in by this date. No credit if they are not. **December 9th**, at the beginning of class is the final deadline for the second set of late assignments unless otherwise arranged on an individual basis with the instructor.

Failure to come to class to participate and present assignments on their due date will be considered late assignments.
